

INSTRUCTIONS TO AUTHORS

Submission of a manuscript to the *Bulletin of The ICA* implies that the authors comply with the *Publication ethics and mal-practice statement*, see

<http://bica.the-ica.org/BICA.php>

Please submit manuscript as a .pdf file via email to:

bica@the-ica.net

Manuscripts should be prepared in some form of TeX, preferably LaTeX or LaTeX2e. The page dimensions should be 4.5in by 7.125in and you should use 10pt computer modern font, which is the default font for LaTeX. For example this may be accomplished with the LaTeX file beginning

```
\documentclass{article}
\RequirePackage[
  twoside, centering, text={4.5in,7.125in},
  paperwidth=6in, paperheight=9in
]{geometry}
```

but we prefer authors to use the bulletin style file `BICA.sty` which may be downloaded from

<http://bica.the-ica.org/BICA.php>

and instead start the LaTeX document as follows

```
\documentclass{article}
\usepackage{BICA}
```

Other useful files may be downloaded from the above webpage, including a sample LaTeX file and a guide for typesetting references.

Note that TeX and figure files are not required at submission stage, but will be required upon acceptance.

The bulletin style file `BICA.sty` and a sample LaTeX file are also available from

- list references at the end of the manuscript, in the form [1], [2], etc,
- consult Journal Abbreviations - MathSciNet - American Mathematical Society

<https://mathscinet.ams.org/msnhtml/serials.pdf>

for standard journal abbreviations,

- number theorems, lemmas, definitions consecutively within sections, i.e. Section 3, Theorem 3.1, Definition 3.2, Theorem 3.3, Lemma 3.4, etc.
